

Outdoor Preparation

- Make sure there are no cars in the driveway and move cars from the street in front of the home.
- Hide trashcans and recycling bins so they are not visible.
- Mow and trim the yard.
- Put hoses away.
- Clean and sweep leaves and debris from the driveway, patio, and decks.
- Clean and arrange outside furniture to highlight the outdoor living spaces.

Indoor Preparation

- Declutter the kitchen, clear the counters and remove magnets and pictures from the refrigerator.
- Hide trashcans so they are not visible (they can be placed in a closet or the garage).
- Declutter the bathrooms, remove all personal items from the counter, clean mirrors, and remove floor rugs.
- All bedrooms should have their beds made and items put away.
- Replace all burned out light bulbs.
- Turn off ceiling fans.
- All windows should be clean.
- Remove all shoes, umbrellas, and similar items from the entryways.
- Remove pet items such as food, water bowls, beds, and toys.
